Welcome to the School of Heroes!

The SISU Way is a whole new approach to learning and a life philosophy about each child reaching their full potential and becoming their own best version of themselves – a hero!

SISU Schools® promote entrepreneurial mindset and holistic growth. In the spirit of "less is more" we understand what contributes to a child's success and well-being.

This revolutionary program is a unique blend of the best educational practices from two of the world's most acknowledged and recognized educational systems: Finnish and American International.

How We Develop Little Superheroes?

- Respect the intrinsic value of childhood
- Provide an unhurried atmosphere
- Offer abundant play time
- Allow making mistakes
- Support overcoming challenges
- Nurture every hero's strengths
- Practise SISU.
